Organized By :

IQAC,

Iqra's H.J. Thim College of Arts & Science, Mehrun, Jalgaon

National Education Policy 2020 : Perspective of Minorities

The NEP 2020 would be a landmark to the largest youngest and most capable demography of the world. It is expected to work with every student out there in our nation. The new pedagogical and curricular structure of school education and its impact will be crucial. The policy must take into consideration the diverse nature of India.

The rights of minorities to enroll students in higher education and also the provision given to differently abled students should be considered. There is a need to create awareness about NEP amongst teachers, students, officials, and other stakeholders in the higher education system so that we can together help India in becoming a knowledge superpower. To increase the moral, ethics, and quality of education we as academicians are committed to provide constant guidance to our academic fraternity and inspire them. The NEP is ambitious and futuristic but much of its success will depend on how it is executed.

About us:

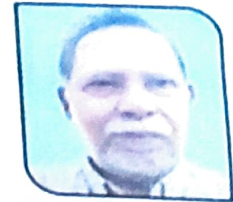

Iqra's H.J.Thim College of Arts & Science is the only minority educational institution in Jalgaon district. In the field of education, the college is providing its services since last 29 years. The college has a good record of students passing out with merit rank. Recently, the college has faced third cycle of NAAC and has been reaccredited with B+.
